Dear Parents,

Here we are with our first edition of monthly newsletter. As we progress through another enriching academic year, I am excited to share a new initiative that we believe will enhance communication and keep you more closely connected with the happenings at our school. Starting this month, we will be introducing a monthly newsletter that will be distributed as an e-journal. This digital format aligns with our commitment to sustainability and ensures that you receive timely updates on school activities, events, achievements, and important announcements.

Here's what you can expect from our monthly e-journal:

1. Highlights of Student Achievements: Celebrating the accomplishments of our students in academics, sports, arts, and other areas.
2. Upcoming Events and Important Dates: Keeping you informed about school events, parent-teacher meetings, and holidays.
3. Feature Stories: Showcasing interesting projects, classroom activities, and special programs.

Parent Resources: Sharing tips, articles, and resources to support your child's learning and well-being at home. Our goal with this newsletter is to foster a stronger school community by keeping you well-informed and engaged. We believe that effective communication is key to building a supportive and collaborative environment for our students.

The e-journal will be sent to you via community groups and KNOWVO APP. We encourage you to take a few moments each month to read through the newsletter and stay updated with the school's endeavors. Your feedback is incredibly valuable to us. If you have any suggestions or ideas for content you'd like to see in future editions, please do not hesitate to reach out. Thank you for your continued support and partnership. Together, we can create a thriving and nurturing educational experience for all our students.

Warm regards,

Principal
