Investiture Ceremony - 06th July, 2024

We are delighted to share the joyous news of our recent Investiture Ceremony, held with great pride and enthusiasm at Deeksha STEM School, Judicial Layout. This ceremony marked a significant milestone in recognizing the leadership potential and dedication of our students. The Investiture Ceremony is a time honored tradition where we invest our students with responsibilities that reflect their growth and potential as future leaders.

It was a moment of pride for us to see our students step into roles of leadership with grace and determination. This year our chief guest was Mr. Rahul Shenoy (Regional Head Deeksha PU College) along with Dr. Rajni Bhakshi (Regional Head—Deeksha STEM Schools)

Key Highlights

- Leadership Roles
- Oath Taking
- Symbolic Investiture
- Guest of Honor

The program began with ceremonial lighting of the lamp, followed by invocation song. Principal ma'am read our annual report of 23- 24 followed by chief guest handing over badges and flags to students council. New leaders took oath and participated in March past . This was followed by chief guest addressing the gathering and a melodious leadership song. The program ended in a grand way with students of grade 6 to 9 performing a stunning grand finale dance.

“The first event of the school was very beautifully organized and I enjoyed it as much as everyone else. The flow of events were great and I enjoyed every single moment of this grand ceremony. I am sure it made every leader- the ones who were elected and the ones who are leaders in themselves not just enjoyed but also got a lesson of becoming the torch bearer of our school. Just like it is said” leadership is not about authority but it is about the responsibility and service that one takes and gives.”

“And the ceremony was not just an official conferring but also a celebration of just the spirit of leadership within each one of us.”

Some of our students shared their experience from this field trip.

“On the field trip I enjoyed a lot, I learnt about fruits and vegetables. Also we understood how to grow fruits and vegetables, we saw Neem trees and Banana trees. Overall I enjoyed the field trip.”

Paridhi M P
Grade 4A

“I enjoyed looking at the nature and their fruit shapes, sizes and different colours. We saw custard apple and jack-fruit tree, we saw climbers, shrubs, herbs and creepers it was my best day in the school. It would be better if we could even have snacks there only. “

Anmol Pawar
Grade 4A

Nature Explore - Field trip for grade 3 and 4 - 1st July, 2024

A field trip is an educational excursion outside the regular classroom setting, where students and teachers explore places, sites, or environments related to a specific subject or curriculum. Field trips aim to:

- Provide hands-on learning experiences
- Enhance understanding and retention of concepts
- Encourage observation, inquiry and exploration
- Develop skills like critical thinking, problem-solving and teamwork
- Foster curiosity, creativity and enthusiasm for learning

Special Assembly - 8th July, 2024

Deeksha STEM Judicial Layout conducted a special assembly to nominate prefect and vice prefects for grades 1 to 9. A Prefect and Vice Prefect are student leaders in a school, typically responsible for various classroom responsibilities.

These roles help students develop essential skills like leadership, communication, problem solving, and teamwork, preparing them for future responsibilities and challenges.

Inter House Competition - 12th July, 2024

Inter-house competitions in schools foster teamwork, healthy competition, and school spirit, enhancing students' holistic development. These events encourage physical activity, mental stimulation, and inclusivity, ensuring all students can participate and excel. By promoting collaboration and resilience, inter-house competitions help create a cohesive school community, while also offering fun and enjoyment, enriching the overall school experience.

Deeksha STEM JLC had organized Fancy dress competition for grades 1&2, patriotic song competition for grades 3,4&5 and folk/traditional dance competition for grades 6,7,8 & 9. Students participated enthusiastically without any stage fear and are looking forward to more such activities.

Colour Week for NLU - (8th to 12th July 2024)

We are delighted to share that the children thoroughly enjoyed colour week at school! Each day was filled with vibrant activities, creativity, and fun, making it a memorable experience for all the children. Activities foster creativity and enthusiasm, making each day a delightful and educational experience.

We are happy to announce that our school U- 17 boys team participated in state level interschool volleyball tournament held in Kittur Rani Chenna- ma Stadium , Jayanagar and exhibited their skills in the game with utmost confidence and skill. We wish our boys best of luck for all their future endeavors in the coming tournaments.

Canteen Facility @ Deeksha

Happy lunch time @Deeksha STEM JLC. Students at Deeksha STEM school JLC, enjoyed their fresh, hot food from school canteen, a facility provided to school students started from 15th July 2024.

Fresh food consumption will help children perform better in their academics as well as other co-curricular activities. A healthy mind in a healthy body!

Students Achievement Section

Happy to share with you all that our grade 6 student Ishan Vishal Pathak secured gold medal in inter school badminton tournament organized by Nirman International School on 28th July, 2024. Three students Hamith, Abyudhay and Ishan were selected to participate in this tournament. Abyudhay made it through till semi finals and Ishan secured Gold medal in the tournament.
