IMPACT QUIZ (GRADE 1 TO 9)

1st October, 2024

IAP- India Awareness Program / GAP - Global Awareness Program - IAP /GAP is a monthly magazine that focuses on General Knowledge. It offers topical learning covering content which has relevance to a particular month regarding current updates to know the happenings around the world/India. Monthly test/quiz will be conducted through IMPACT classes for our students. IMPACT classes are highly interactive and gamifies classes in a setup like KBC.

IMPACT QUIZ BASED ON GAP BOOKS

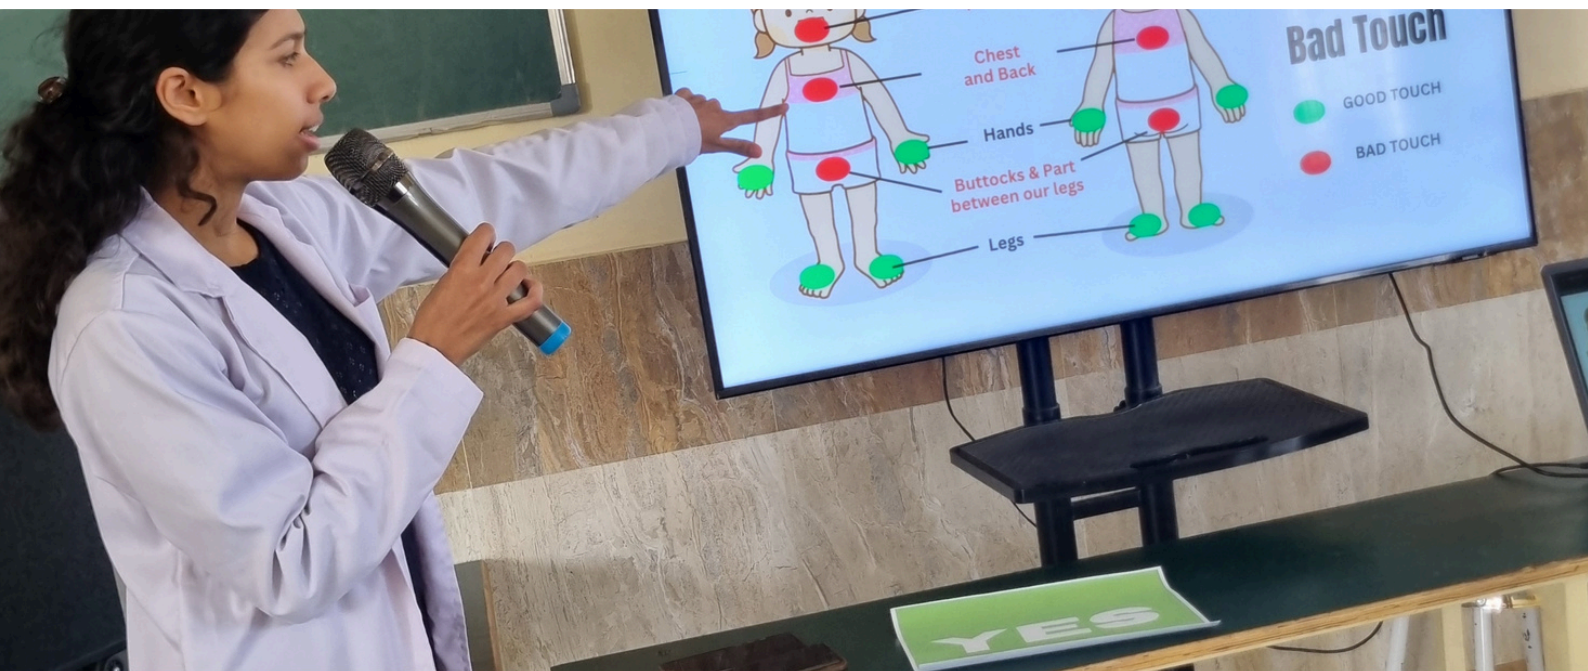

AWARENESS PROGRAMS

1st October, 2024

>>> GOOD TOUCH AND BAD TOUCH (GRADE 1 TO 4)

Deeksha STEM Judicial layout campus, on 1st October had organized a program on 'Good touch and bad touch' in association with Rotaract club, Shobha Forest View apartment. Dr. Samyama from KIMS and volunteers Ms.Sharadhi and Ms.Abha engaged students of grades Nursery to 4th in an interactive session. Students actively participated in this session and learnt an important life lesson.

>>> MENSTRUAL HYGIENE (GRADE 5 TO 9 GIRLS)

On 1st of October, our school had organized a session on menstrual hygiene. Dr. Samyama from KIMS and volunteers Ms.Sharadhi and Ms.Abha engaged the girls of grades 5 to 9 in an interactive session to educate them about menstrual hygiene. This session gave an insight to our girls about importance of being hygienic during menstruation.

Dr. Samyama and other volunteers are proud ex-students of Deeksha PU college. This session was organized in association with Rotaract club of Shobha Forest view apartment.

AWARENESS PROGRAMS FOR GIRLS

Every day is a celebration. Yes .. but when children come to school without bags then it's happiness is multifold. Our school observed bag-less day on 3rd October, 2024. A series of scholastic and co-scholastic activities were organized. The day began with Gandhi Jayanti special assembly where students took oath to keep their surroundings clean. Students were then engaged in Swachh Vidyalay campaign where students made posters regarding clean environment and campaigned in the school and college campus.

KIDS FOR TIGER - AV SHOW

3rd October, 2024

READ MORE

Kids for tigers is an initiative by the prestigious Sanctuary Asia Magazine. This group initiates many activities and programs to encourage students to participate in nature conservation. We were privileged to have Mrs. Mamlakotai, coordinator of KFT who conducted an AV show, on 3rd October, to help children understand the importance of saving our forest and wildlife. Students of grades 5 to 9 attended the show and enthusiastically learnt about various aspects of conservation. This program was part of bag-less day.

HAPPINESS

You cannot buy your happiness,
cause happiness is free

It's such a joy to feel happy
Your heart sings
Your feet dance
And your mind sways away

For some it comes easy,
For others the idea seems absurd

Happiness is a cup of tea
Spending time, just you and me
Cause happiness is made for us,
Just take a bite and see

Happiness doesn't come when
you call
You just have to wait,
that's all

Shraddha Prashanth P
Grade 5A

THE LEGEND OF KUMARI KANDAM

Kumari Kandam, the mysterious lost continent, is often hailed as the cradle of an ancient and advanced Tamil civilization, supposedly lying beneath the waters of the Indian Ocean. According to Tamil legend, this vast landmass once stretched south of India and Sri Lanka, home to powerful kings, scholars, and a culture ahead of its time. But in a catastrophic event, the land was swallowed by the sea, leaving only traces in the form of folklore and ancient texts. The idea of Kumari Kandam evokes images of a golden age erased from history.

Linked to the 19th-century theory of Lemuria, a supposed continent that connected India, Madagascar, and Australia, Kumari Kandam's myth grew stronger. Though scientists later disproved Lemuria through plate tectonics, the legend persisted. For many, Kumari Kandam isn't just a lost land but a symbol of Tamil pride, representing an advanced civilisation with deep roots and forgotten glory.

Even without scientific evidence, Kumari Kandam continues to ignite imaginations, blending myth, history, and cultural identity. It stands as a tantalising mystery, the lost world beneath the waves, sparking a sense of wonder about what ancient secrets may still lie hidden in the depths of the ocean.
